

Veronicas, Virbascums, Verbenas as well
There are lots of plants beginning with a V I can tell

Vincas, Vines, Violets and Violas too
The are various varieties we can supply and plant up for you

Vegetables a plenty we can plant in your beds
With some that can grow well up over your heads

Various colours and varieties of lettuce and more
They can be planted just outside the Kitchen door

Variegated shrubs and trees can give quite a show
And the ground underneath should need no more than a quick hoe

Lots of plants we can supply to give a vivid display
With vibrant colours what more can I say

Various themes can be thought up and planned
And even overgrown gardens we can take back in hand

Gardens with vision, variety and a wonderful view
This given the budget we can supply to you

So if you know someone who would like a vista to behold
For that work its Tidy Gardens get them told
